About Program:

Innovedica Foundation has been a committed platform for fostering developmental activities aimed at ensuring sustainable progress for the last person in society. The **Youth for Swaraj** initiative is a meaningful endeavour to revive and activate the philosophy of **Mahatma Gandhi** among today's youth and civil society organisations. It encourages deeper reflection and collective action toward the upliftment of common people, inspired by the spirit of **Gandhian Vinoba Bhave** and **Ram Manohar Lohia's** thoughts.

At the core of this initiative lie the following foundational values:

- *Swaraj – Self-rule*
- *Swadharma – Ethically bound duty*
- *Swabhimān – Dignity and self-respect*
- *Saadgi – Ecological and simple lifestyle*
- *Swadeshi – Self-reliance and local economy*

These values aim to guide individuals and communities toward a life that is not only sustainable and self-sufficient but also spiritually enriched. The initiative aligns itself with the universal spirit of Vasudhaiva Kutumbakam (The world is one family), and echoes the teachings of Lord Buddha and Lord Krishna, emphasizing the importance of living a meaningful and harmonious life.

As Mahatma Gandhi rightly said, "Political independence from British colonialism was only the first step. True independence lies in economic freedom." Without economic self-reliance, peace and harmony cannot prevail, and the gap between the haves and have-nots will continue to grow. With a focus on skilling the youth, spreading peace and harmony, and promoting health-centric self-governance (Swasthya Swaraj), Innovedica Foundation has embarked on this historic journey.

Vision: The vision of the Innovedica Youth for Swaraj programme is to foster ecological democracy (Harit Swaraj), inspired by the Vedic principles of Sanatan Dharma and Gandhian principles, promoting a system rooted in ecological harmony and sustainability.

The Goal is to create a self-reliant system where communities live harmoniously with nature, practising sustainability, decentralisation, and self-sufficiency.

According to the Vedas, the basic gross elements or Pancha Mahabhoota of Nature represent a close connection between ecology and its surrounding democracy, which is known as **Ecological Democracy/Harit Swaraj**.

This term was coined by Shri Vijay Pratap and Shri Anupam Mishra ji during the first decade of the 21st century.

Morning Session: Raghurajpur – A Heritage Awakening

The day began with a warm breakfast at Raghurajpur, the renowned craft and heritage village. As the youth settled in, they were welcomed with a Gotipua dance performance, an ancient Odishan tradition performed by young artists that combined grace, rhythm, and storytelling. The performance was a captivating introduction to the day, symbolising Odisha's living culture.

Afterwards, the participants explored the village lanes of Raghurajpur, interacting with local artisans and observing Pattachitra paintings, palm-leaf engravings, and other traditional crafts. The experience was not only artistic but also deeply reflective of how heritage and livelihoods intertwine in sustaining communities.

Afternoon Session: Pipli & Utkal Amrita

Post-lunch, the group travelled to Pipli, Puri, famous for its Chandua appliqué work associated with Lord Jagannath. Participants admired handmade bags, umbrellas, carpets, and decorative crafts, each reflecting the cultural vibrancy of Odisha.

The cultural trail then led to the Utkal Amrita Showroom in Bhubaneswar, managed by sisters Ms. Anita and Ms. Amrita. Ms. Amrita—widely recognised for her participation in *Kaun Banega Crorepati (KBC)*—personally guided the youth through Odisha's textile legacy. The participants witnessed weaving traditions and exquisite fabrics, including Sambalpuri Ikat, Bomkai, Pasapali,

Nuapatna, Berhampur Patta, Gopalpur Tassar Silk, Dongria, Bichitrapuri, and Kotpad. This session provided an inspiring glimpse into how culture sustains livelihoods while preserving identity.

Evening Session: Dialogue & Felicitation at Kalinga Stadium

In the evening, the participants gathered at Kalinga Stadium, Bhubaneswar, for an interactive dialogue on education, entrepreneurship, and youth empowerment. They were honored by the presence of Shri Mohan Charan Majhi, Hon'ble Minister of State for Higher Education, Sports and Youth Services, and Odia Language, Literature & Culture, who addressed the gathering with encouragement and vision.

Other dignitaries present included Shri Deepak Malviya, Shri Suraj Sooryavanshi, Shri Vikas Arora, and Shri Madhusudan Das, each sharing reflections on youth leadership and sustainable nation-building. Guests were honoured with Pattachitra mementoes, shawls, and bouquets as tokens of gratitude.

Special recognition was given to Rupali Hati, Farhat Jahan, Suryakant Sethi, Kalpana Sahoo, and Arpita Mishra for their contributions. In a moving gesture, Shri Madhusudan Das (Secretary, Abhiyan) presented Jagannath idols to all state directors, while Innovedica Foundation team members were gifted special idols by Madhu Bhai, symbolising blessings from Odisha's spiritual heritage.

Closing Circle & Departure

The day closed with a group reflection circle, where participants shared personal learnings, cultural insights, and commitments to carry forward the Youth4Swaraj vision in their respective communities. A joyful group photograph and farewell dinner marked the conclusion of the Odisha chapter.

As participants departed for their homes and stations, they carried with them not only memories of Odisha's art, culture, and hospitality but also a renewed sense of purpose to serve, conserve, and rebuild India with the spirit of Swaraj.

Program Outcomes – Youth4Swaraj Odisha Chapter

The three-day Youth4Swaraj program in Odisha created a powerful blend of service, learning, and cultural revival, resulting in tangible and meaningful outcomes:

1. **Entrepreneurship Models for All** – Youth participants gained exposure to sustainable entrepreneurship ideas, particularly through cultural crafts (Pattachitra, Chandua work, weaving) and renewable energy initiatives (Solar Module & Harit Urja Shala). This inspired practical models of eco-friendly enterprises and livelihood innovation.
2. **Environmental Action & Responsibility** – The coastal clean-up drive at the Bay of Bengal became a living example of youth-led climate action. By installing repurposed oil tins as waste bins, participants introduced a simple yet sustainable solution to manage coastal litter, sparking awareness in the local community.
3. **Strengthened Youth Networks** – The program connected youth leaders, directors, and organizations across states, fostering a network of young change-makers committed to climate resilience, cultural preservation, and community action.
4. **Cultural Revitalization & Unity** – Through *Taal Arpan* and inter-state performances (Odissi, Bharatanatyam), the event celebrated India's cultural diversity, reinforcing the role of heritage in building unity and resilience.
5. **Commitment to Rebuild India @ 2047** – Through dialogues, pledges, and vision talks, the youth pledged to contribute actively towards an inclusive, sustainable, and self-reliant India, embodying the spirit of Swaraj in their communities.

In essence, the Odisha chapter of Youth4Swaraj equipped participants with skills, cultural pride, and ecological responsibility, while inspiring them to design and lead sustainable solutions for the future.
